Cascade Water Trays

P-PE-WP-0283

The Cascade Water Trays encourage children to pour, transfer and follow water as it travels between different levels. Handcrafted from naturally durable Robinia timber and installed securely into the play space, the tiered design introduces children to water flow, movement and cause and effect through hands-on sensory play. The activity supports fine motor development, coordination, problem-solving and collaborative exploration. Ideal for nurseries, EYFS settings, schools and natural playground environments, the Cascade Water Trays create an engaging addition to outdoor water play.

Suitable for ages 2+

KEY MATERIALS

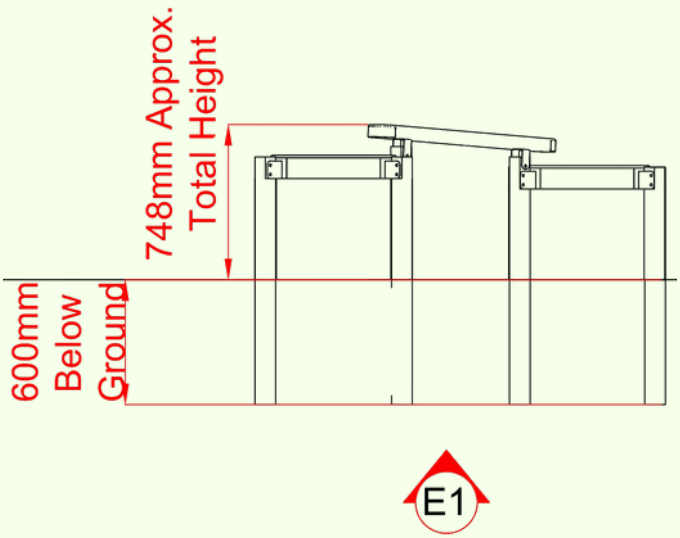

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

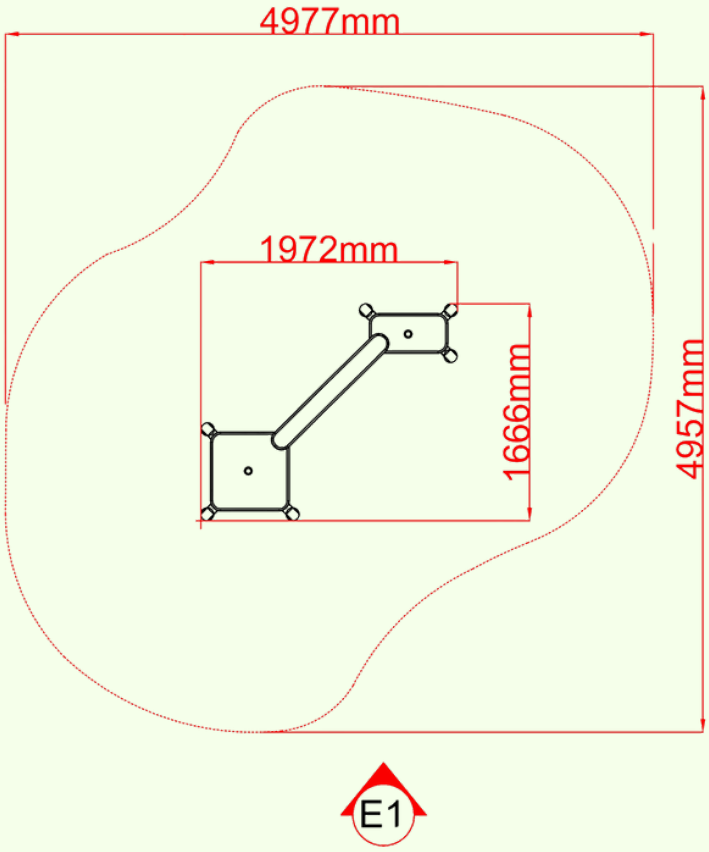

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.
