Combs Head
Triple Adventure Tower

P-PE-AT-7619

The Combs Head Triple Adventure Tower is a striking and highly engaging addition to any outdoor play space, designed to inspire exploration, confidence, and active group play. Crafted from durable natural robinia timber, this impressive three-tower structure creates a varied and exciting play experience, encouraging children to climb, move between levels, and explore different routes. With its strong natural materials and dynamic layout, it blends seamlessly into outdoor environments while offering a more challenging and rewarding adventure play experience suitable for older children.

Suitable for ages 5+

KEY MATERIALS

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

HDPE sheets are thermoplastic materials that are used in many of our products. The versatile properties, including UV stability, make it resistant to fading, moisture, weather, stain and graffiti. 19mm thick HDPE sheet material is used on the sides and wings of each slide.

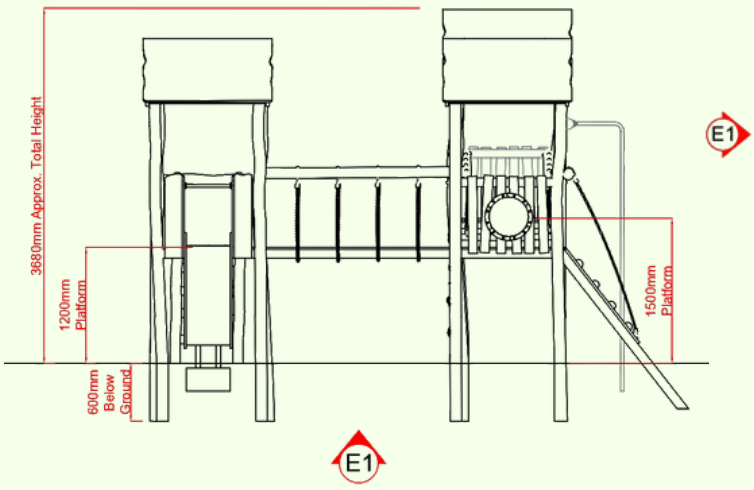

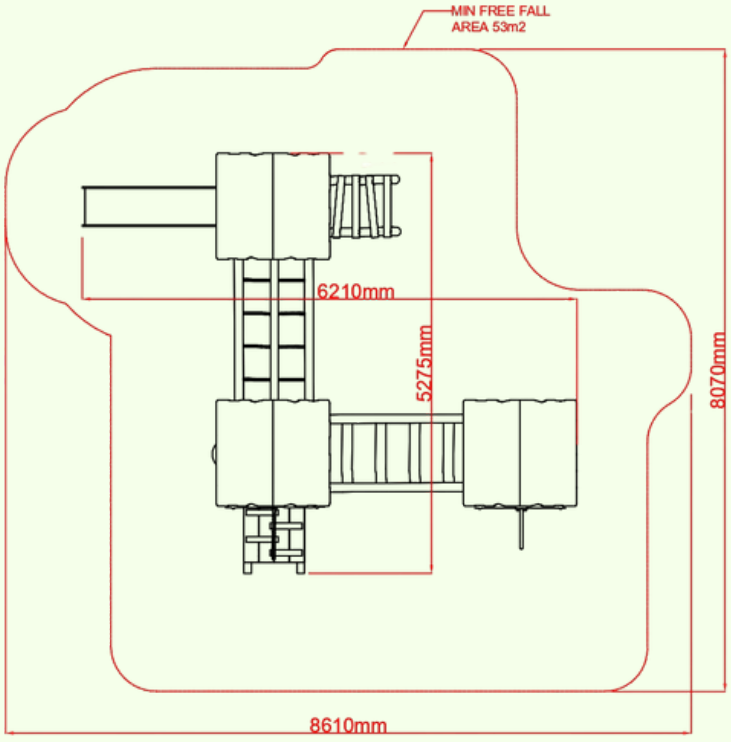

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Free fall/surfacing area - Approx. 53m2

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.

Combs Head – with Stainless Steel Slide Triple Adventure Tower

P-PE-AT-7619

The Combs Head Triple Adventure Tower is a striking and highly engaging addition to any outdoor play space, designed to inspire exploration, confidence, and active group play. Crafted from durable natural robinia timber, this impressive three-tower structure creates a varied and exciting play experience, encouraging children to climb, move between levels, and explore different routes. With its strong natural materials and dynamic layout, it blends seamlessly into outdoor environments while offering a more challenging and rewarding adventure play experience suitable for older children.

Suitable for ages 5+

KEY MATERIALS

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

S304-grade stainless steel is highly durable and corrosion-resistant, making it ideal for our slides. It stays smooth, rust-free, and low-maintenance, ensuring safety and a long-lasting, high-quality finish.

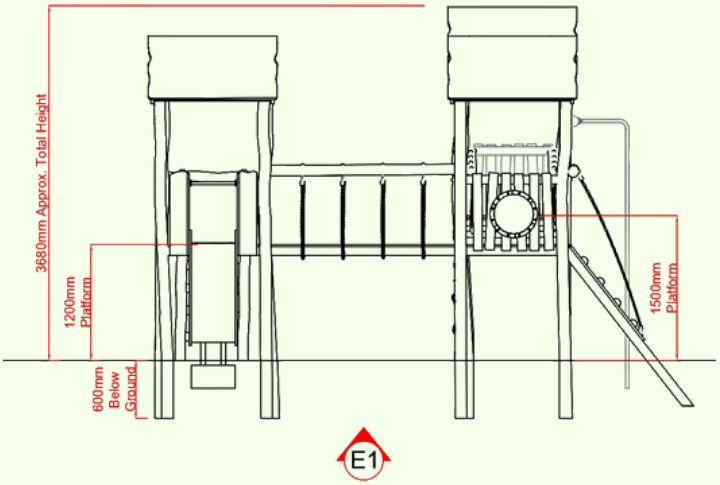

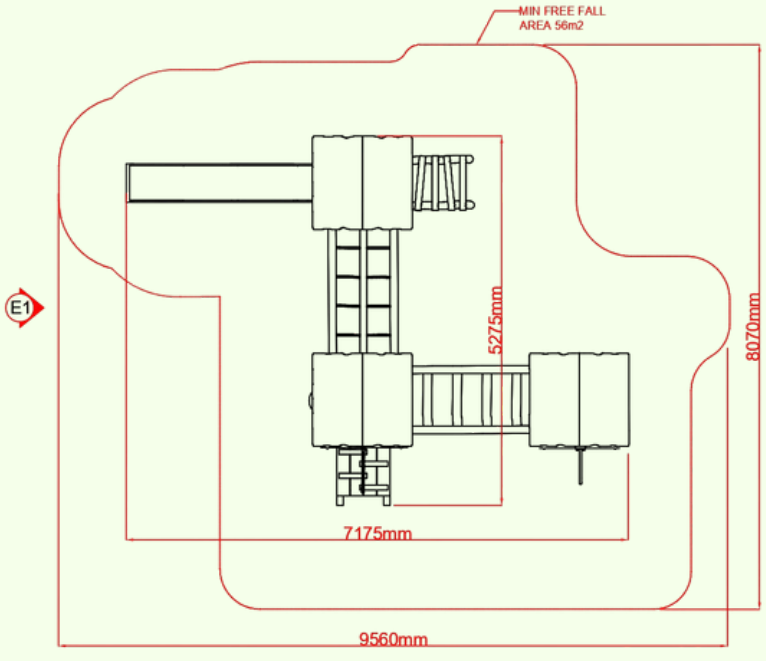

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.
