Dolerite
Roll Over Bars

P-PE-TTI-2571

The Dolerite Roll Over Bars create a challenging upper-body activity that encourages children to hang, swing and rotate their bodies around the bars. Designed to support active play, they help develop grip strength, coordination, core stability, upper-body strength and confidence. Handcrafted using naturally durable Robinia timber, the Dolerite combines physical challenge with a natural, organic appearance, making it ideal for school playgrounds, parks, adventure trails and larger Robinia trim trail designs.

Suitable for ages 5+

KEY MATERIALS

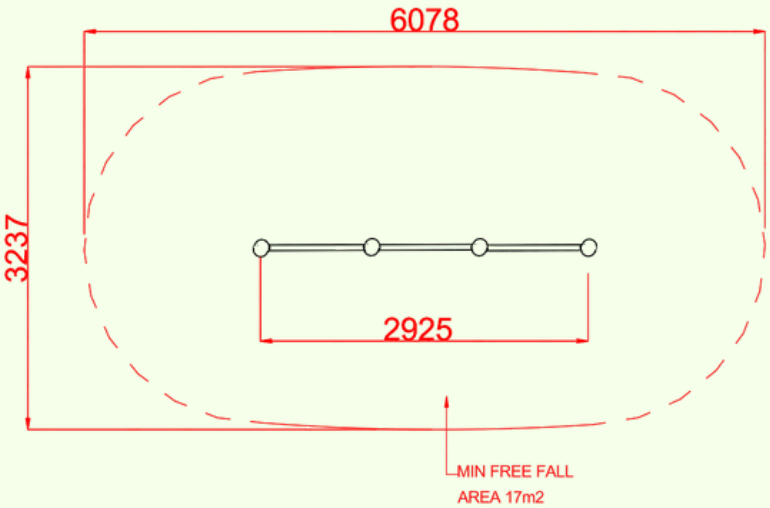

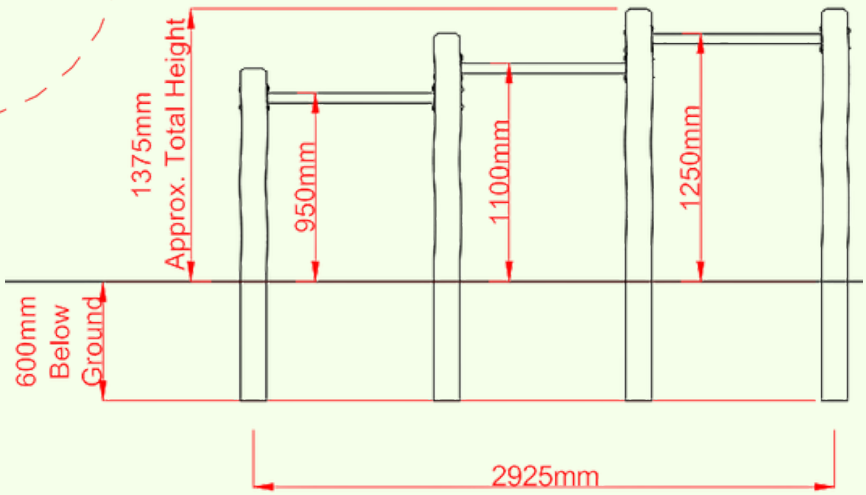

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Free fall/surfacing area - Approx. 17m2

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.
