Hurst
Supported Seat Swing

P-PE-S-3389

The Hurst Supported Seat Swing is a fun and inclusive addition to any outdoor space, offering a safe and supportive swinging experience. Made from durable robinia timber, it provides a natural aesthetic that blends seamlessly into a variety of environments. It's spacious, accessible basket design is ideal for children with disabilities and allows enough room for a companion to join in during play.

Suitable for ages 3+

KEY MATERIALS

Robinia (Black Locust/False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

The Basket Chair is a durable playground swing designed for children aged 3–10 years, accommodating up to two users at a time. It requires a safety-tested fall height of up to 1550mm in accordance with DIN EN 1176 standards. With a robust 36 kg construction, the seat provides a generous impact area and requires adequate surrounding clearance for safe operation.

DRAWINGS

Free fall/surfacing area - Approx. 19m2

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.
