Kinder Scout (with Disc Poles) Single Scramble Stack

P-PE-SS-6218

The Kinder Scout Robinia Scramble Stack is an adventurous and physically engaging obstacle, designed for primary school aged children. This product is fantastic for improving children's muscle development, balance, stability and their core strength whilst enhancing their confidence and concentration.

Suitable for ages 5+

KEY MATERIALS

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

Ropes used are polypropylene covered with a galvanized steel core. The rope is 16mm in thickness, and secured by a tamper-proof plastic connecting point, that's hydraulicly pressed into place.

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Free fall/surfacing area - Approx. 32m2
Max fall height - 850mm

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.
