Lumsdale
Compact Trim Trail

P-PE-TTC-0961

The Lumsdale Double Compact Trim Trail is an exciting and versatile addition to any outdoor play space, designed to inspire exploration, physical challenge, and active group play. Crafted from durable natural robinia timber, this multi-element agility trail provides a compact yet highly engaging circuit of climbing, balancing, and coordination features. Its space-efficient layout makes it ideal for maximising play value in smaller areas while still delivering a rich and varied physical play experience for children.

Suitable for ages 5+

KEY MATERIALS

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

Ropes used are polypropylene covered with a galvanized steel core. The rope is 16mm in thickness, and secured by a tamper-proof plastic connecting point, that's hydraulicly pressed into place.

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Free fall/surfacing area - Approx. 53m2
Max fall height - 835mm

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.
