Mam Tor (with Platform) Quadruple Scramble Stack

P-PE-SS-5981

The Mam Tor Robinia Scramble Stack is an adventurous and physically engaging obstacle, designed for primary school aged children. This product is excellent for developing muscle strength, balance, stability, core strength, confidence, and concentration. As it can be used by multiple children at once, it also encourages social interaction and relationship-building through co-operation, negotiation, turn-taking, and shared play.

Suitable for ages 5+

KEY MATERIALS

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

Ropes used are polypropylene covered with a galvanized steel core. The rope is 16mm in thickness, and secured by a tamper-proof plastic connecting point, that's hydraulicly pressed into place.

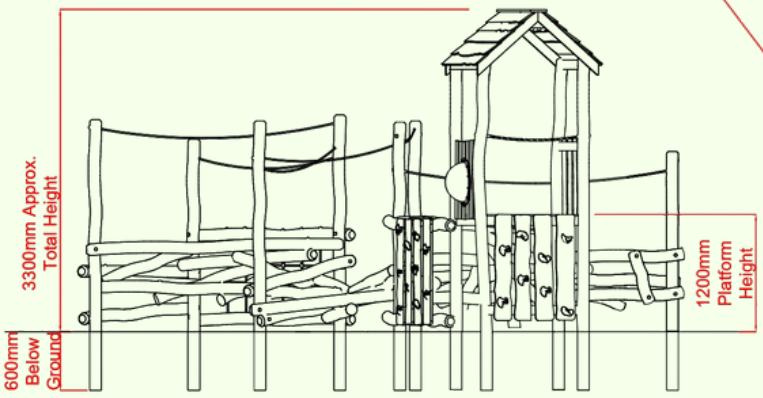

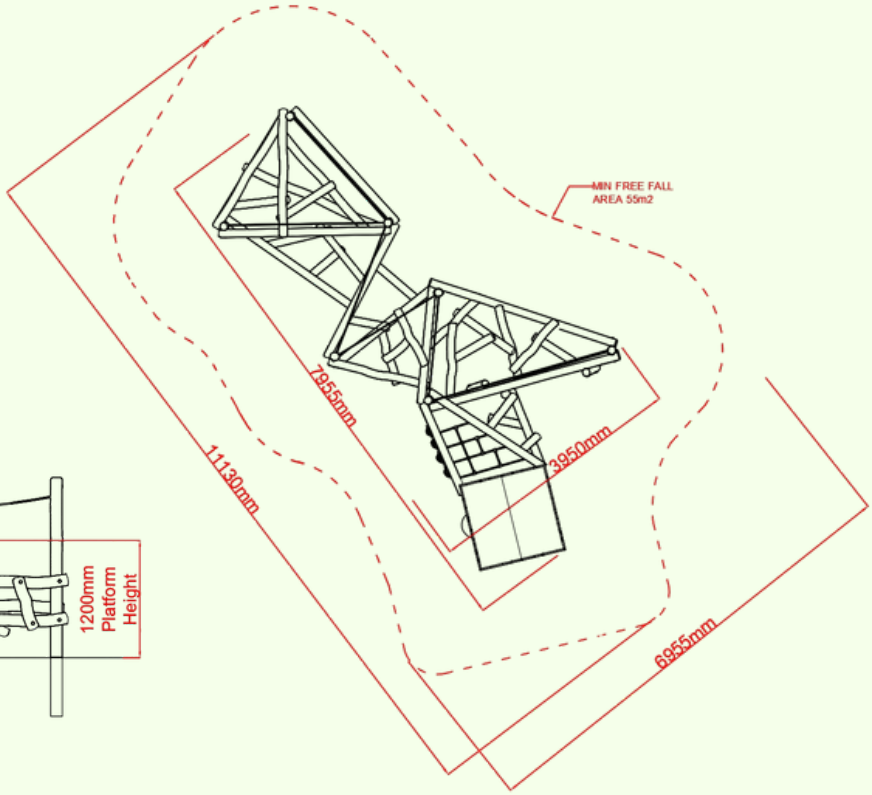

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Free fall/surfacing area - Approx. 55m2
Max fall height - 1200mm

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.
