Splash Water Trays

P-PE-WP-3869

The Splash Water Trays provide an accessible space for pouring, mixing, transferring and experimenting through open-ended water play. Handcrafted from naturally durable Robinia timber and installed securely into the play space, they encourage sensory exploration while supporting fine motor development, coordination, creativity and collaborative play. Children can investigate quantities, movement and cause and effect through their own experimentation. Ideal for nurseries, EYFS settings, schools and natural playground environments, the Splash Water Trays provide a durable and engaging water play feature.

Suitable for ages 2+

KEY MATERIALS

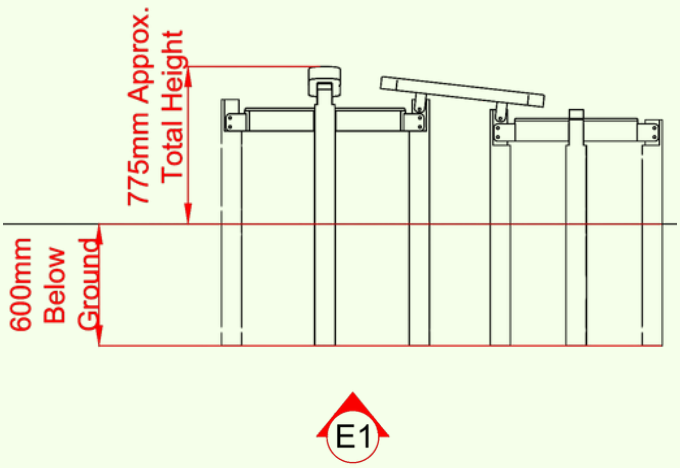

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

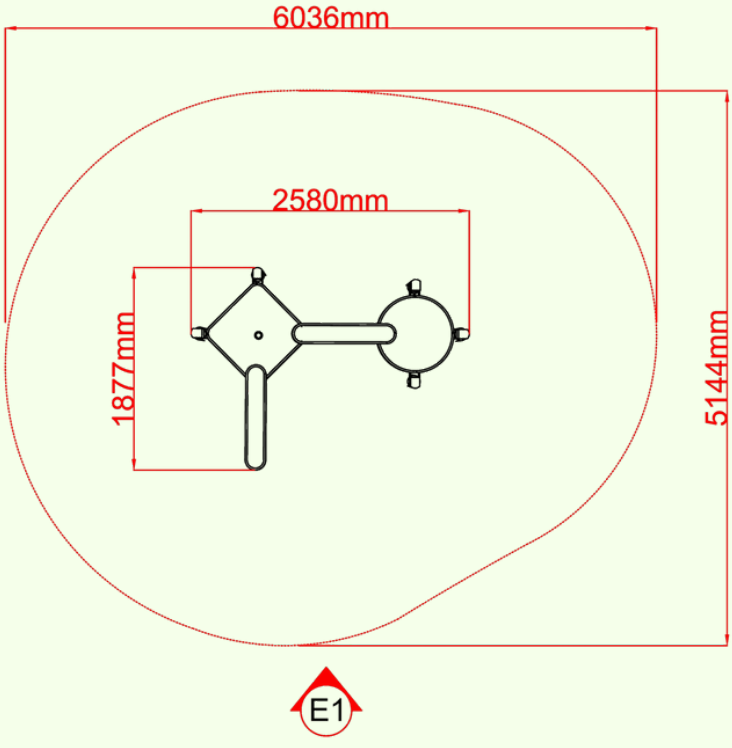

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.
