Thorpe Cloud
Large Adventure Tower

P-PE-AT-2333

The Thorpe Cloud Large Adventure Tower is a bold and engaging addition to any outdoor play space, designed to inspire exploration, confidence, and active play. Crafted from durable natural robinia timber, this compact yet elevated structure delivers a thrilling climbing and sliding experience while maintaining a strong natural aesthetic. Its streamlined design makes it ideal as a standout feature in a wide range of playground settings, encouraging children to climb, explore, and enjoy imaginative adventure play.

Suitable for ages 5+

KEY MATERIALS

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

HDPE sheets are thermoplastic materials that are used in many of our products. The versatile properties, including UV stability, make it resistant to fading, moisture, weather, stain and graffiti. 19mm thick HDPE sheet material is used on the sides and wings of each slide.

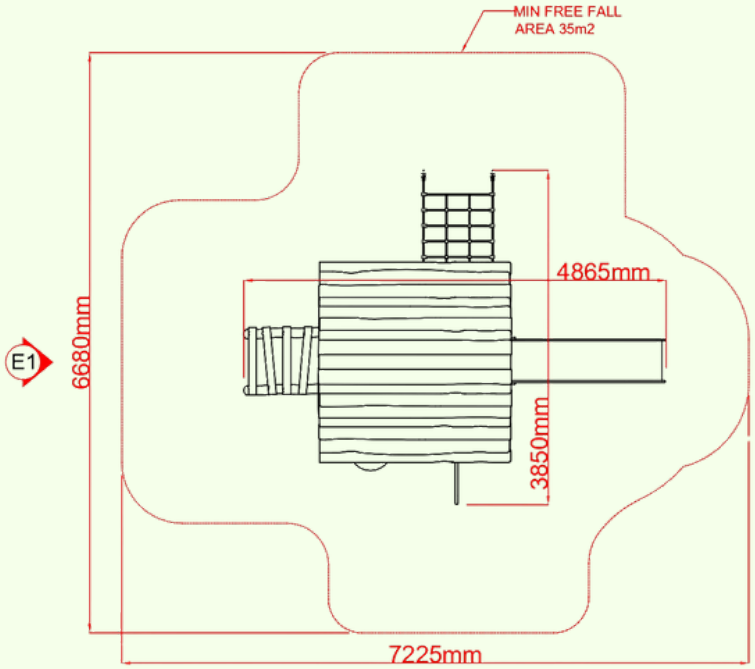

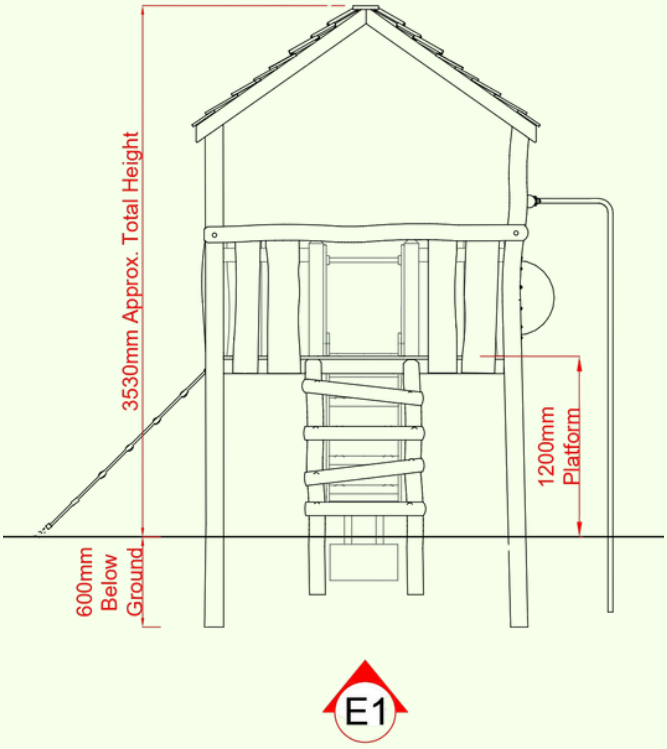

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Free fall/surfacing area - Approx. 35m2

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.
