Tiered Steps

P-PE-CE-1887

The Tiered Steps create a varied physical challenge by encouraging children to navigate changing heights as they climb, step and balance. Handcrafted from durable FSC-certified timber, the different levels help develop coordination, balance, spatial awareness, gross motor skills and confidence through active play. Their simple, versatile design makes them suitable for nurseries, schools, parks and outdoor play environments, either as a standalone activity or incorporated into a larger timber climbing or trim trail course.

Suitable for ages 2+

KEY MATERIALS

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

18mm thick, anti-slip mesh phenolic birch plywood sheets are fitted to reduce the risk of slips and falls.

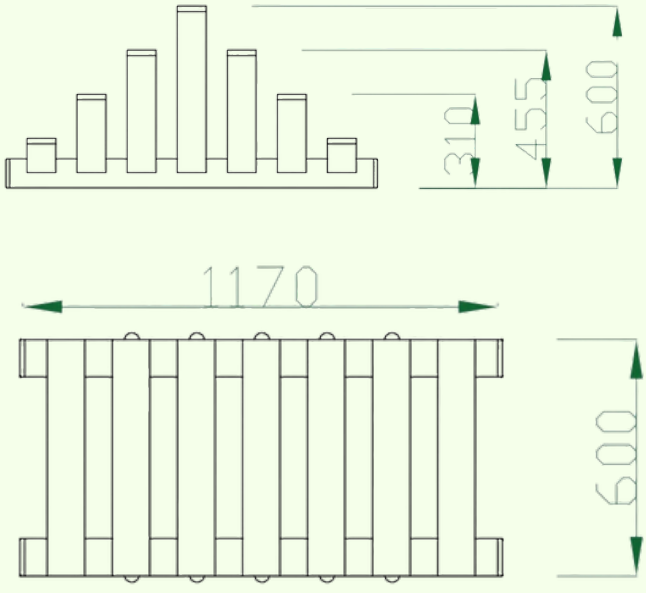

HDPE sheets are thermoplastic materials that are used in many of our products. The versatile properties, including UV stability, make it resistant to fading, moisture, weather, stain and graffiti.

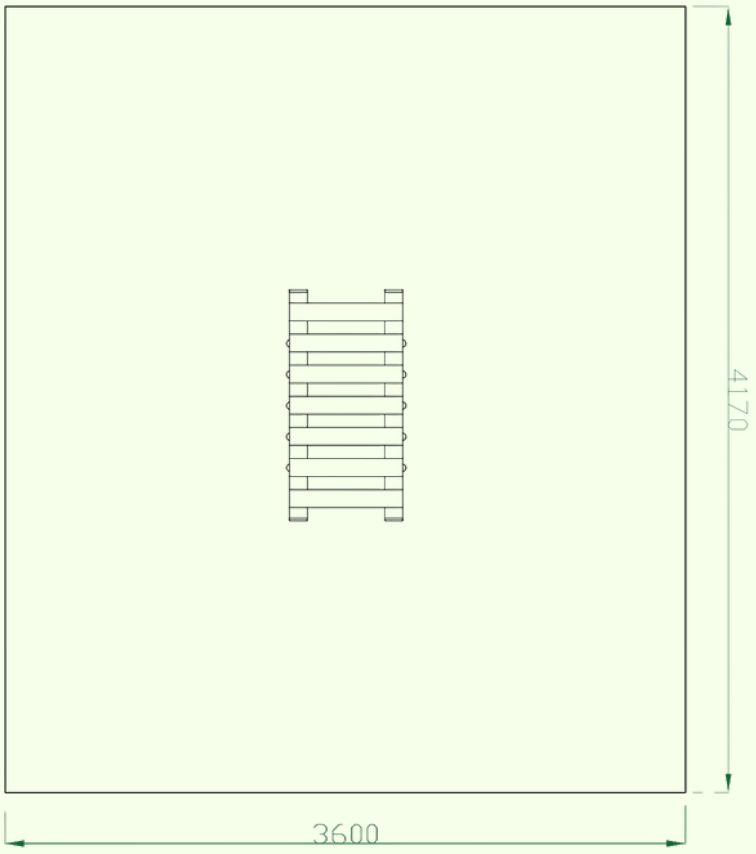

The fixing points are covered with Green tamper-proof plastic capping's. The caps are securely fastened and boast a smooth feel. The caps are approx. 36mm.

DRAWINGS

Free fall/surfacing area - Approx. 15m2
