Whetstone Ridge Quadruple Adventure Tower

P-PE-AT-7413

The Whetstone Ridge Quadruple Adventure Tower is an impressive and highly versatile addition to any outdoor play space, designed to deliver a rich and challenging adventure experience for older children. Crafted from durable natural robinia timber, this large-scale four-tower structure encourages exploration, climbing, and dynamic movement between multiple play levels. With its engaging layout and strong natural materials, it provides a standout focal point for any playground while supporting active, social, and imaginative play.

Suitable for ages 5+

KEY MATERIALS

Robinia (Black Locust / False Acacia) is an extremely durable, rot resistant hardwood timber, with no need for treating. Each piece is sanded to create a smooth finish.

HDPE sheets are thermoplastic materials that are used in many of our products. The versatile properties, including UV stability, make it resistant to fading, moisture, weather, stain and graffiti. 19mm thick HDPE sheet material is used on the sides and wings of each slide.

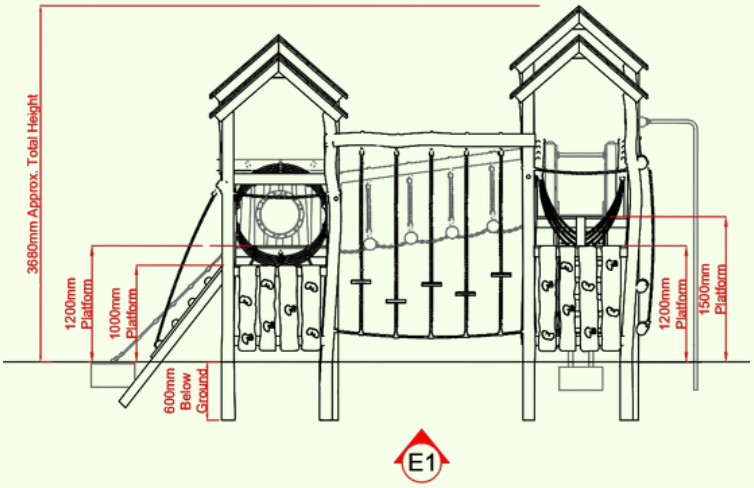

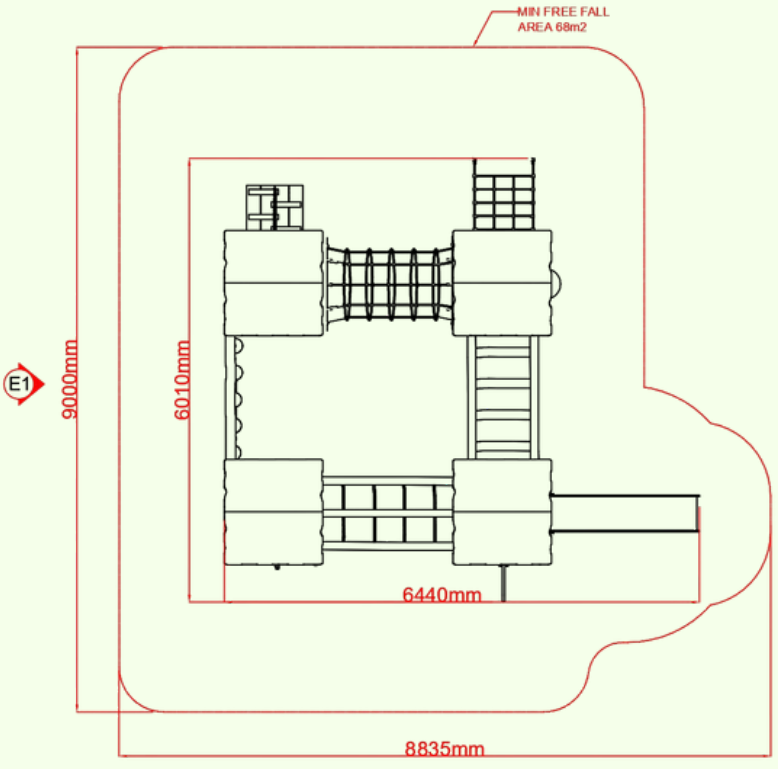

All our timbers are pressure-treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack. Each piece is sanded to create a smooth finish.

DRAWINGS

Free fall/surfacing area - Approx. 68m2

Contact us if loose-fill flooring is used (e.g., bark), as an extra 300mm will need to be allowed for into ground installation.

Whetstone Ridge – with Stainless Steel Slide Quadruple Adventure Tower
